

Turn your product detail page into a conversion machine

The essential toolkit to convert potential buyers into customers.

Images small and hard to see

The 5 big mistakes on your product detail page

Exit the page to see the reviews

Prescribing lowest price in bundle

No incentive to buy anymore

Wasted High impact space

Blink, not think!

This default layout asks your customer to click a lot & think too hard in order know they are making to make a smart purchasing decision.

Turn over to see how to remodel your page that will have you customer get them to blink once and 'add to cart'.

The high conversion PDP machine

Multiple full sized images

Positive customer review

Discounted buying option

Pre-selected higher priced bundle

Gift with purchase offer

By making these 5 simple changes to your Product Detail Page (PDP), you will actively boost your AOV (Average Order Value), build trust within your brand and products and, most importantly, convert more potential buyers into customers.
